

Normothermia Partnership Program

Get the assurance of normothermia for all of your patients... and the peace-of-mind that comes with the HotDog® Normothermia Partnership Program. The Program provides the safest, most effective warming system along with expert consulting for a low, monthly fee that will be less than what you're currently paying.*

**The Program is not a capital lease...and it isn't renting.
It's a monthly service that includes equipment.**

- No up-front costs or ongoing maintenance costs
- Predictable monthly operating expense... providing immediate savings
- Technology upgrades provided automatically
- Flexibility to adjust your equipment mix as your needs and volume change
- Unlimited training and Normothermia Consulting Services included

Normothermia Consulting Services Include:

Help achieve normothermia in difficult-to-warm cases

Consultation based on temperature outcome data

New staff training and periodic refresher training

Latest technology and software upgrades

Repair or replace products as needed

How to Start:

Just ask; call 952-746-1720. Our normothermia experts will provide a quote based on your specific needs. Simply place a PO for the Normothermia Partnership Program and begin using HotDog immediately.

*In multiple trials, HotDog has shown a 96.2% normothermia rate (data on file). Cost savings based on warming two patients per OR per day.
